Giardiasis (1)	3	1	-	4	4	-	-

These figures have been compiled by the staff at the Infectious Disease Prevention and Control Unit on the basis of notifications and reports by medical practitioners, private laboratories and laboratory reports from the Pathology Department, Mater Dei Hospital, together with reports made by Medical Officers of Health responsible for communicable disease surveillance. The figures in April are subject to revision in the light of confirmatory laboratory investigations. A copy of this document is available on the IDCU website: <http://deputyprimeminister.gov.mt/en/health-promotion/idpcu/Pages/introduction.aspx>
